E.2a	Reasons for the offer and use of proceeds	<p>On January 15, 2017, Essilor and Delfin entered into the Combination Agreement, which sets forth the terms of the Transaction. Delfin is the Luxembourg based holding company of the Del Vecchio family. Delfin was incorporated in Luxembourg in 2006, as a result of the transfer of the corporate seat of the previous Italy based holding Delfin S.r.l.. Delfin main investments are in Luxottica, Foncière des Régions S.A., Assicurazioni Generali S.p.A. and Unicredit S.p.A..</p> <p>On March 22, 2017, following completion of the information-consultation process of (i) Essilor’s Works Council (<i>comité central d’entreprise</i>) and European Works Council (<i>comité d’entreprise européen</i>); and (ii) BB GR’s Works Council¹, Essilor sent to Delfin an acceptance notice stating its consent to pursue the Transaction contemplated by the Combination Agreement. The contribution agreement setting forth the terms and conditions of the Contribution (the “Contribution Agreement”) was entered into between Delfin and Essilor on the same date.</p> <p>On April 7, 2017, Essilor registered with the AMF the French version of the document E under number E. 17-014 (the “Document E”). The Document E was published, distributed and made available to the public one month prior to Essilor’s combined general shareholders’ meeting called to approved the Transaction. In particular, it was published on Essilor’s website².</p> <p>On May 11, 2017, Essilor’s combined general shareholders’ meeting approved the Transaction, including (i) the approval of the Contribution (subject to the <i>apport-scission regime</i>) by Delfin to Essilor and of the delegation of powers conferred to the Company’s Board of Directors for the implementation of the Contribution; and (ii) the delegation of authority conferred to the Board of Directors to decide the capital increase of Essilor (to be renamed “EssilorLuxottica” as from the Closing Date of the Contribution) through the issuance of shares without preferential subscription rights, as consideration for the shares tendered to the Exchange Offer initiated by EssilorLuxottica.</p> <p>On November 1, 2017, Closing Date of the Hive-Down, the contribution of the activities and equity holdings of Essilor to its wholly-owned subsidiary, Essilor International, approved by Essilor shareholders at the combined general shareholders’ meeting of May 11, 2017 closed. As from such date, Essilor International carries on the operational activities that were previously performed by Essilor. The Hive-Down was a condition precedent to the Contribution.</p>

		<p>Between November 2017 and July 2018, the Transaction has been cleared in five jurisdictions (Canada, the United States of America, Brazil, Europe and China) where antitrust approvals were a condition precedent to the closing of the Transaction.</p> <p>On October 1, 2018, the Contribution is expected to close and Delfin will contribute to Essilor 302,846,957 ordinary shares of Luxottica with a par value of €0.06 each, representing 62.42% of Luxottica’s share capital on the Closing Date of the Contribution in exchange for 139,703,301 New Shares Issued as Consideration for the Contribution with a par value of €0.18 each, corresponding to an exchange ratio of 0.4613 Essilor share for 1 Luxottica share. It is specified that the Exchange Ratio, initially set at 0.4610, will be adjusted from 0.4610 to 0.4613 based on Essilor dividend pay-out ratio of 42% and Luxottica pay-out of 50% for financial year 2017, in accordance with the Exchange Ratio adjustment formula provided for in the Combination Agreement and the Contribution Agreement.</p> <p>On the Closing Date of the Contribution, Essilor (to be renamed “EssilorLuxottica” on such date) will become the holding company of Luxottica and Essilor International, holding 100% of Essilor International’s share capital and 62.42 % of Luxottica’s share capital.</p> <p>Since as a result of its acquisition of 302,846,957 ordinary shares of Luxottica on the Closing Date of the Contribution the Company will come to own more than 25% of Luxottica’s share capital, pursuant to article 106, paragraph 1-<i>bis</i>, of Italian Legislative Decree no. 58 of February 24, 1998, as amended (the “Italian Consolidated Financial Act”), the Company will be obliged to subsequently launch a mandatory tender offer on all outstanding shares of Luxottica that it will not own. As allowed by the provisions of art. 106, paragraphs 2 and 2-<i>bis</i>, of the Italian Consolidated Financial Act, such mandatory tender offer to be initiated by the Company will take the form of an exchange offer, in which the Company will offer to the remaining Luxottica shareholders the same kind and amount of consideration per Luxottica share that will be attributed to Delfin in the Contribution, that is a number of newly-issued of Essilor shares calculated according to the same Exchange Ratio (0.4613 Essilor share for 1 Luxottica share). The Exchange Offer will include a private placement that Essilor intends to concurrently carry out in the United States addressed to “qualified institutional buyers”, as defined in Rule 144A under the U.S. Securities Act of 1933, as amended (the “Securities Act”), in transactions exempt from the registration requirements of the Securities Act.</p>
E.3	Terms and Conditions of the New Shares	<p><u><i>Terms and Conditions of the New Shares Issued as Consideration for the Contribution</i></u></p> <p>In consideration for the Contribution, Essilor will issue 139,703,301 new ordinary shares to Delfin, each with a par value of €0.18, corresponding to the Exchange Ratio (0.4613 new ordinary share of Essilor for 1 ordinary share of Luxottica contributed). It is specified that the Exchange Ratio, initially set at 0.4610, will be adjusted from 0.4610 to 0.4613 based on Essilor dividend pay-out ratio of 42% and Luxottica pay-out of 50% for financial year 2017, in accordance with the Exchange Ratio adjustment formula provided for in the Combination Agreement and the Contribution Agreement.</p>

	<p>As a result of the Contribution, the total par value of Essilor's share capital increase will be €25,146,594.18. Essilor's registered share capital will therefore be increased from €39,444,759.36 to €64,591,353.54, divided into 358,840,853 ordinary shares, each with a par value of €0.18.</p> <p>The difference between the value of the Contribution (i.e., €3,173,842,629.50) and the par value of the capital increase (i.e., €25,146,594.18) will represent a contribution premium of €3,148,696,035.32 based on a value per Luxottica share of €43.5 (subject to possible adjustment). This premium will be credited to additional paid-in capital in Essilor's (and, following the contemplated Contribution, EssilorLuxottica's) statement of financial position (<i>compte "prime d'apport"</i>), to which all new and existing shareholders of Essilor (and, following the contemplated Contribution, EssilorLuxottica) will have rights.</p> <p>For the purpose of registering the Luxottica shares in the statutory accounts of Essilor, in line with a conservative approach and taking into account the fact that the Contribution will be effective only upon the Closing Date of the Contribution, it is reminded that the Contribution Agreement provides that the Luxottica share value will be equal to the lower of (i) the value contractually agreed between the parties equal to €43.5 and (ii) the volume-weighted average closing prices of Luxottica shares over the 3-month period prior to the Closing Date of the Contribution. The contribution premium of the share capital increase of Essilor will be adjusted accordingly.</p> <p><u><i>Terms and Conditions of the offer of New Shares Issued as Consideration for the Exchange Offer</i></u></p> <p>In the context of the Exchange Offer, Essilor will offer to the shareholders of Luxottica, as consideration for the contribution of up to 176,276,154 ordinary shares of Luxottica (including 42,000 new shares of Luxottica to be issued in the event of timely exercise of all of the 42,000 outstanding Luxottica stock options), up to 81,316,189 new shares of the Company, each with a par value of €0.18, corresponding to the Exchange Ratio (0.4613 new ordinary share of Essilor for 1 ordinary share of Luxottica contributed). It is specified that the Exchange Ratio, initially set at 0.4610, will be adjusted from 0.4610 to 0.4613 based on Essilor dividend pay-out ratio of 42% and Luxottica pay-out of 50% for financial year 2017, in accordance with the Exchange Ratio adjustment formula provided for in the Combination Agreement and the Contribution Agreement.</p> <p>The maximum number of New Shares Issued as Consideration for the Exchange Offer takes into account the number of existing shares of Luxottica as of the date of this Securities Note (i.e., 485,153,033 shares), plus 42,000 new shares of Luxottica to be issued in the event of timely exercise of all of the 42,000 outstanding Luxottica stock options, minus the 302,846,957 shares of Luxottica that will be acquired by the Company through the Contribution, minus the 6,071,922 treasury shares of Luxottica, which will not be subject to the Exchange Offer.</p> <p>The terms of the Italian Exchange Offer to be initiated by Essilor after, and subject to, the completion of the Contribution will be set forth in an</p>

Investors should note that the list of risks appearing on the Prospectus is not exhaustive and that there may be other risks that have not yet been identified by the Company and/or Luxottica as of the date of the Prospectus, or whose occurrence as of the date hereof is not considered likely to have a material adverse effect on the Company and/or Luxottica’s business, results of operations, financial condition and prospects or on the price of the shares of the Company and/or Luxottica.

Dilution of the existing shareholders of the Company as a consequence of the issue of the New Shares

The issue of the New Shares implies the issue of up to 221,019,490 shares, which represent up to 49.6% of the share capital and 49.6% of the theoretical voting rights (including treasury shares) of the Company following completion of the contemplated Transaction, on the basis of the registered share capital and the voting rights on June 30, 2018 and on a fully diluted basis. Shareholders will experience dilution of their ownership of the share capital and voting rights of the Company as specified in Section 9.1 of this Securities Note.

The volatility and liquidity of the Company’s shares may fluctuate significantly

In recent years, stock markets have experienced significant fluctuations, often bearing no relation to the results of the companies whose shares were traded. Market fluctuations and general economic conditions may increase the volatility of the Company’s shares. The market price of the Company’s share may fluctuate significantly in response to various factors and events, including the risk factors described in the 2017 Registration Document and the Update to the 2017 Registration Document forming part of the Prospectus, as well as the liquidity of the market for the Company’s shares.

The securities that may be exchanged during the Exchange Offer or after its closing may have a negative impact on the stock price of the Company’s shares

The sale of a number of the Company’s securities on the market, or the impression that such sales may occur, notably from new shareholders that would come to hold a significant number of shares in the context of the Exchange Offer, may have a negative impact on the stock price of the Company’s shares. The Company cannot predict the potential impact of sales from those shareholders on the stock price of its shares.

Material risk relating to the Exchange Offer

The results of the Exchange Offer are uncertain and the Company may be required to expend significant amounts of cash to acquire all Luxottica shares.

The decision by shareholders whether to tender their shares in the Exchange Offer is based on a number of different factors, and the Company cannot predict the acceptance rate for the Exchange Offer. Luxottica shareholders may choose not to participate in the Exchange Offer for a variety of

reasons, including because the relative market values of Essilor and Luxottica shares have changed such that the Exchange Ratio is not economically attractive (see Section 2.2 “Risk factors relating to the Transaction” paragraph (a) “The value of Luxottica’s and Essilor’s shares to be exchanged in the Contribution and the Exchange Offer may fluctuate, so the market value of the consideration to be exchanged may vary” of the Update to the 2017 Registration Document). Under Italian law, if Essilor owns more than 90% (or such higher threshold as may be set by CONSOB) of Luxottica’s share capital following the Exchange Offer, a “sell-out” procedure would need to be launched (unless Essilor subsequently restores a sufficient free float). Under such “sell-out” procedure, any remaining outstanding Luxottica shareholders would have the right to sell their shares to Essilor in exchange for Essilor shares at the same Exchange Ratio as the Exchange Offer or, if they so elect, for an equivalent cash consideration (the maximum cash consideration could amount to c. €2.5 billion³ under the assumptions in the footnote below). If Essilor owns 95% or more of Luxottica’s share capital following the Exchange Offer (or, if applicable, the subsequent “sell-out” procedure), (i) as agreed under the Combination Agreement, a “squeeze-out” procedure would be implemented, pursuant to which Essilor could and, in fact, would acquire from all remaining Luxottica shareholders, and (ii) in turn, all remaining Luxottica shareholders would have the right to sell to Essilor, all of their Luxottica shares, in both cases in exchange for the same consideration as the Exchange Offer or, if the shareholders so elect, an equivalent cash consideration instead of the Essilor shares. If the Exchange Offer achieves a sufficient acceptance rate to trigger a “sell-out” and / or “squeeze-out” procedure, the Company may be required to expend significant cash if shareholders elect to take the alternative cash consideration, which could adversely affect its liquidity and financial position. If the Exchange Offer does not achieve a sufficient acceptance rate to reach the thresholds for the “sell-out” and / or “squeeze-out” procedures, the existence of minority Luxottica shareholders could complicate the operations and integration of the Company and may make it more difficult to achieve the objectives of the Combination.

Differences between French corporate law and Italian corporate law and changes to the voting rights of EssilorLuxottica shares adopted in connection with the Transaction

Luxottica shareholders will receive New Shares and will become EssilorLuxottica shareholders. Their rights as shareholders will be governed by provisions of French corporate law applicable to the Company and by the By-laws of the Company. As a result, and as described in Section 4.5 of this Securities Note and in Section 2.4.1.3 of the Update to the 2017 Registration Document, there will be a certain number of differences between the current rights of Luxottica shareholders and the rights they can expect to have as EssilorLuxottica shareholders.

Transactions in the Company’s shares other than the subscription for New Shares are subject to the French tax on financial transactions subject to certain exceptions

Company’s shares are subject to the French tax on financial transactions (“**French FTT**”) provided in Article 235-ter ZD of the FTC, which applies, subject to certain conditions and exceptions, to acquisitions for consideration of equity securities or similar securities if such securities are listed on a regulated market and issued by a French company whose registered office is in France and whose market capitalization exceeds €1 billion as of December 1 of the year preceding the taxation year (which was the case for the Company as of December 1, 2017). The French FTT is payable in an amount equal to 0.3% of the consideration paid for the acquisition on the secondary market of Company’s securities (subject to certain exceptions). The French FTT will not be applicable to the

³ Based on the following assumptions: (i) Essilor holds just over 90% of Luxottica’s share capital at the start of the “sell-out” procedure, (ii) all remaining outstanding Luxottica shareholders (other than Luxottica itself with respect to the Luxottica treasury shares, which will not be tendered) tender their shares and elect to receive the equivalent cash consideration and (iii) the price of EssilorLuxottica shares to be used for purposes of calculating the equivalent cash consideration under Italian law is €13.08, which would be equal to Essilor’s volume-weighted average price between January 16, 2017 (announcement of the transaction) and September 26, 2018.

issuance of New Shares, it being also noted that the shares of Luxottica do not fall within the scope of the French FTT.

The French FTT may increase the transactional costs related to purchases and sales of the Company's shares and may reduce their liquidity on the market. Shareholders should consult their tax advisor as needed to assist them in understanding the potential consequences of the application of the French FTT.

Transactions in the Company's shares may in the future become subject to the European tax on financial transactions, if it is enacted, excluding primary market transactions

Shareholders should also be aware of the fact that on February 14, 2013, the European Commission published its proposal for a Council Directive to implement a joint tax on financial transactions (the "EU FTT") to be implemented under an enhanced cooperation procedure between, initially, 11 Member States (Austria, Belgium, Spain, Estonia, France, Germany, Greece, Italy, Portugal, Slovenia and Slovakia) (the "**Participating Member States**"), and which, if enacted and implemented by France, could replace the French FTT. Estonia has officially announced its withdrawal from the negotiations on the EU FTT.

The Commission's proposal has very broad scope and the EU FTT could, if introduced in its current draft form, apply, under certain circumstances, to transactions (including secondary market transactions) involving the Company's shares. It would call for the Participating Member States to impose a tax of generally at least 0.1% on all such transactions, generally determined by reference to the amount of consideration paid. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 should be exempt.

Under the Commission's proposal, the EU FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in Company's shares where at least one party is a financial institution, and at least one party is established in a Participating Member State. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

The EU FTT proposal is still under discussion and may be subject to modifications before any implementation, the timing of which remains unclear. Other Member States of the European Union may decide to join and/or certain of the Participating Member States (in addition to Estonia which already withdrew) may decide to withdraw.

The mechanism by which the EU FTT would be applied and collected is not yet known, but if the proposed directive or any similar tax is adopted, these taxes may increase the transactional costs related to purchases and sales of the Company's shares and may reduce their liquidity on the market. Shareholders should consult their tax advisor as needed to better assist them in understanding the potential consequences of the application of the EU FTT.

Not applicable.

3.4 REASONS FOR THE OFFER AND USE OF PROCEEDS

On January 15, 2017, Essilor and Delfin entered into a combination agreement (as subsequently amended, supplemented and/or implemented, including through an implementation letter dated May 25, 2018, effective as from the Closing Date of the Contribution, detailing certain aspects of the implementation of such agreement, the “**Combination Agreement**”) setting forth the terms of the Transaction. Delfin is the Luxembourg based holding company of the Del Vecchio family. Delfin was incorporated in Luxembourg in 2006, as a result of the transfer of the corporate seat of the previous Italy based holding Delfin S.r.l.. Delfin main investments are in Luxottica, Foncière des Régions S.A., Assicurazioni Generali S.p.A. and Unicredit S.p.A..

On March 22, 2017, following completion of the information-consultation process of (i) Essilor’s Works Council (*comité central d’entreprise*) and European Works Council (*comité d’entreprise*

européen); and (ii) BB GR's Works Council⁴, Essilor sent to Delfin an acceptance notice stating its consent to pursue the Transaction contemplated by the Combination Agreement. The contribution agreement setting forth the terms and conditions of the Contribution was entered into between Delfin and Essilor on the same date.

On April 7, 2017, Essilor registered with the AMF the French version of the document E under number E. 17-014 (the "**Document E**"). The Document E was published, distributed and made available to the public one month prior to Essilor's combined general shareholders' meeting called to approved the Transaction. In particular, it was published on Essilor's website⁵.

On May 11, 2017, Essilor's combined general shareholders' meeting approved the Transaction, including (i) the approval of the Contribution (subject to the *apport-scission regime*) by Delfin to Essilor and of the delegation of powers conferred to the Company's Board of Directors for the implementation of the Contribution; and (ii) the delegation of authority conferred to the Board of Directors to decide the capital increase of Essilor (to be renamed "EssilorLuxottica" as from the Closing Date of the Contribution) through the issuance of shares without preferential subscription rights, as consideration for the shares tendered to the Exchange Offer initiated by EssilorLuxottica.

On November 1, 2017, Closing Date of the Hive-Down, the contribution of the activities and equity holdings of Essilor to its wholly-owned subsidiary, Essilor International, approved by Essilor shareholders at the combined general shareholders' meeting of May 11, 2017 closed. As from such date, Essilor International carries on the operational activities that were previously performed by Essilor. The Hive-Down was a condition precedent to the Contribution.

Between November 2017 and July 2018, the Transaction has been cleared in five jurisdictions (Canada, the United States of America, Brazil, Europe and China) where antitrust approvals were a condition precedent to the closing of the Transaction.

On October 1, 2018, the Contribution is expected to close and Delfin will contribute to Essilor 302,846,957 ordinary shares of Luxottica with a par value of €0.06 each, representing 62.42% of Luxottica's share capital on the Closing Date of the Contribution in exchange for 139,703,301 New Shares Issued as Consideration for the Contribution with a par value of €0.18 each, corresponding to an exchange ratio of 0.4613 Essilor share for 1 Luxottica share. It is specified that the exchange ratio, initially set at 0.4610, will be adjusted from 0.4610 to 0.4613 (the "**Exchange Ratio**") based on Essilor dividend pay-out ratio of 42% and Luxottica pay-out of 50% for financial year 2017, in accordance with the Exchange Ratio adjustment formula described in Section 5.1.1 "Conditions of the Offer", paragraph "Adjustment mechanism" of this Securities Note.

On the Closing Date of the Contribution, Essilor (to be renamed "EssilorLuxottica" on such date) will become the holding company of Luxottica and Essilor International, holding 100% of Essilor International's share capital and 62.42% of Luxottica's share capital.

Since as a result of its acquisition of 302,846,957 ordinary shares of Luxottica on the Closing Date of the Contribution the Company will come to own more than 25% of Luxottica's share capital, pursuant to article 106, paragraph 1-*bis*, of Italian Legislative Decree no. 58 of February 24, 1998, as amended (the "**Italian Consolidated Financial Act**"), the Company will be obliged to subsequently launch a mandatory tender offer on all outstanding shares of Luxottica that it will not own. As allowed by the provisions of art. 106, paragraphs 2 and 2-*bis*, of the Italian Consolidated Financial Act, such mandatory tender offer to be initiated by the Company will take the form of an exchange offer, in which the Company will offer to the remaining Luxottica shareholders the same kind and amount of consideration per Luxottica share that will be attributed to Delfin in the Contribution, that is a number of newly-issued of Essilor shares calculated according to the same Exchange Ratio (0.4613 Essilor share for 1 Luxottica share). The Exchange Offer will include a private placement that Essilor intends to concurrently carry out in the United States addressed to "qualified institutional buyers", as defined

⁴ BB GR is a wholly-owned French subsidiary of Essilor specialised in the manufacturing and distribution of ophthalmic lenses

in Rule 144A under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), in transactions exempt from the registration requirements of the Securities Act.

The share capital increase without preferential subscription rights through the issuance of 139,703,301 New Shares Issued as Consideration for the Contribution aims to remunerate the Luxottica shares contributed by Delfin to Essilor.

The share capital increase without preferential subscription rights through the issuance of up to 81,316,189 New Shares Issued as Consideration for the Exchange Offer aims to remunerate the Luxottica shares tendered to the Italian Exchange Offer, subject to Italian law, together with the concurrent private placement in the United States, to be initiated by Essilor (to be renamed “EssilorLuxottica” as from the closing of the Contribution) for all outstanding shares of Luxottica.

This maximum number of shares for both capital increase without preferential subscription rights is determined using the Exchange Ratio.

The terms and conditions of the offer are specified in Section 5 of this Securities Note.

As from their issuance, the New Shares will be subject to all the provisions of the Company's modified by-laws, as adopted by the Company's combined general shareholders' meeting on May 11, 2017 and effective as from the Closing Date of the Contribution (the "**By-laws**").

Based on applicable French laws and on the provisions of the Company's By-laws, the main rights attached to the New Shares are as follows:

Dividend rights – Right to participate in the Company’s profits

The Company’s shareholders will be entitled to share in the Company’s profits under the conditions set out in Articles L. 232-10 *et seq.* of the French Commercial Code (*Code de commerce*).

The shareholders’ general meeting approving the financial statements for the preceding fiscal year may decide to pay a dividend to all shareholders (Article L. 232-12 of the French Commercial Code).

In addition, interim dividends may be paid prior to the approval of the financial statements for the relevant fiscal year (Article L. 232-12 of the French Commercial Code).

The shareholders’ general meeting may grant shareholders the option of receiving all or part of their dividends or interim dividends either in cash or in shares issued by the Company (Articles L. 232-18 *et seq.* of the French Commercial Code).

The payment of dividends must take place within nine months of the end of the relevant fiscal year. This deadline may be extended by a court order (Article L. 232-13 of the French Commercial Code).

Any action brought against the Company for the payment of dividends owed with respect to the shares will become time-barred upon the expiry of a period of five years from their due date. Furthermore, dividends will also be forfeited to the benefit of the French State upon the expiry of a period of five years from their due date.

Dividends paid to non-residents are generally subject to withholding taxes in France (see Section 4.11 below).

The Company’s dividend policy is described in detail in Section 2.3 of the Update to the 2017 Registration Document.

Voting rights

The voting rights attached to shares are proportional to the percentage of capital that the shares represent. For the same par value, each share gives right to one vote. It being specified that the By-laws of the Company, by express derogation to Article L. 225-123 paragraph 3 of the French Commercial Code, will not allow for double voting rights.

Threshold Crossings

Without prejudice to the duties to notify the Company and the AMF in the event that the ownership thresholds set out by law and the AMF’s General Regulation are crossed, any shareholder, whether an individual or a corporate entity, acting alone or in concert, that directly or indirectly acquires 1% of the voting rights (calculated in accordance with by-laws L. 233-7 and L. 233-9 of the French Commercial Code and the AMF’s General Regulation) is required to inform the Company within five calendar days by registered letter with acknowledgment of receipt sent to its registered office.

The crossing of any additional threshold of 2% must be brought to the attention of the Company under the same conditions.

This information must also be provided to the Company under the same conditions when the percentage of voting rights held falls below the thresholds mentioned above.

If notifications are not made in accordance with the above conditions, shares exceeding the percentage that should have been notified will be deprived of voting rights under the conditions set forth by law, provided that one or more shareholders holding at least 5% of the share capital request it during a general shareholders’ meeting. This request will be recorded in the minutes of the general shareholders’ meeting.

Preferential subscription rights attached to shares of the same class

The shares carry a preferential subscription right in case of a capital increase. Shareholders will have, pro rata to their existing interest in the Company's share capital, a preferential right to subscribe in cash for shares issued as part of an immediate or future increase in share capital. During the subscription period, preferential subscription rights may be traded when detached from the underlying shares, which themselves are also tradable. Preferential subscription rights may be transferred on the same basis as the shares themselves. The shareholders may individually waive their preferential subscription rights (Articles L. 225-132 and L. 228-91 to L. 228-93 of the French Commercial Code).

Please refer to Chapter 2, Section 2.2.4 of the 2017 Registration Document for more details on the delegations and authorizations granted by the shareholders' meeting to the Company's Board of Directors with respect to the issuance of new Company's shares.

Right to the surplus in the event of liquidation

Any shareholders' equity remaining after repayment of the nominal value of the shares will be shared between shareholders in the same proportion as their ownership interest in the Company's authorized share capital (Article L. 237-29 of the French Commercial Code).

Buyback and conversion clauses

The Company's By-laws do not provide for any share buyback or conversion clause in respect of ordinary shares.

Identification of the shareholders

In accordance with Article 9 of the Company's By-laws, the Company may, at any time, in accordance with the legislative and regulatory provisions in force, request the organization responsible for the clearing of securities information on the quantity of securities held and the legal name, year of birth or year of incorporation of the holder of securities granting voting rights at the Company's shareholders' meetings, immediately or in the future.

31% voting cap subject to the formula contained in the By-laws and reproduced below

"Subject to the provisions hereinafter, each member of the shareholder meeting has as many votes as he possesses and represents, both personally and as a proxy holder.

However, no shareholder may express, whether personally or through an agent, with respect to the voting rights attached to the shares he directly and indirectly holds, more than 31% of the total number of voting rights of the Company, calculated as indicated above.

When no more than one natural person or corporate entity, acting alone or in concert with several other natural persons or corporate entities, directly or indirectly holds more than ten percent (10%) of the capital or voting rights of the Company on the shareholder record date for the general shareholders' meeting in question or exercises more than ten percent (10%) of the voting rights of the Company for itself or as an agent, the number of voting rights that any shareholder may express, personally or through an agent, with respect to the voting rights attached to the shares or to the divisions of share ownership (for the rights he is authorized to exercise depending on the case) that he holds, directly and indirectly, alone or in concert, cannot exceed the number resulting from the formula below:

$$31 * (N-P-D) / 100$$

where

(N) the total number of voting rights of the Company existing on the shareholder record date for the general shareholders' meeting in question and reported to the shareholders on the date of the general shareholders' meeting,

(P) the total number of voting rights attached to the treasury shares within the limits of a maximum amount of treasury shares corresponding to 1% of the Company's share capital,

(D) the total number of voting rights of the concerned shareholder neutralized by this statutory clause limiting voting rights for the fraction of voting rights attached to the shares that he holds and exceeding 34% of the Company's share capital.

When at least two natural persons or corporate entities, each acting alone or in concert with one or more natural persons or corporate entities, each hold more than ten percent (10%) of the share capital or voting rights of the Company on the shareholder record date for the general shareholders' meeting in question or each exercise more than ten percent (10%) of the voting rights of the Company for themselves or as agents on the shareholder record date for the general shareholders' meeting in question, the above voting right limitation will apply with the exception of elements (P) and (D), which will not be deducted.

For the purposes of this statutory clause limiting voting rights, it is specified that all current or former employees of the Company or of its subsidiaries or interests and/or the assigns of these persons and/or the asset management companies whose entire capital is exclusively held by the latter (the "**Employees and Employee Entities**"), acting alone or in concert with other Employees and Employee Entities or with an entity (including any mutual funds) the entire capital or units of which are held by Employees and Employee Entities (an "**Authorized Entity**") will not be taken into account for the calculation of the number of natural persons or corporate entities holding more than 10% of the capital or voting rights of the Company provided that (i) these Employees and Employee Entities and/or Authorized Entities do not act in concert with any third party other than the Employees and Employee Entities and/or Authorized Entities, (ii) the Employees and Employee Entities and/or Authorized Entities are not represented by a third party not appointed from among the Employees and Employee Entities; it being however specified that this exclusion will only apply insofar as the Employees and Employee Entities and/or any Authorized Entity hold less than 15% of the share capital or voting rights of the Company.

The limitation provided for in the above paragraphs has no effect on the calculation of the total number of voting rights attached to the Company's shares and which must be taken into account for the application of the legal, regulatory or statutory provisions providing for particular obligations by reference to the number of voting rights existing in the Company or the number of shares bearing voting rights.

The limitation provided for in the above paragraphs automatically lapses, without the necessity for a new decision of the extraordinary general shareholders' meeting, whenever a natural person or corporate entity, acting alone or in concert with one or more natural persons or corporate entities, holds at least two thirds of the total number of shares and voting rights of the Company following a takeover bid procedure targeting all the shares of the Company. The Board of Directors notes that the lapse has occurred and carries out the corresponding statutory amendment formalities."

4.9 FRENCH REGULATIONS RELATING TO PUBLIC OFFER

The Company is subject to the legislative and regulatory provisions in force in France with regard to mandatory takeover bids, buy-out offers and squeeze-outs.

4.9.1 Mandatory public offer (*offre publique obligatoire*)

4.9.2 Buy-out offers and squeeze-outs (*offre publique de retrait et retrait obligatoire*)

4.10 TAKEOVER BID FOR THE COMPANY INITIATED BY THIRD PARTIES DURING THE PRIOR OR CURRENT FINANCIAL YEAR

As of the date of the Prospectus, no public takeover bid was initiated by any third party in respect of the Company's share capital during the current or previous fiscal year.

4.11 WITHHOLDING TAXES APPLICABLE TO THE NEW SHARES

The statements relating to French tax laws set forth below, based on the tax laws and regulations of France as currently in force as of the date hereof, generally summarizes certain French levy and

withholding tax consequences for shareholders with respect to dividends distributions paid with respect to the New Shares.

The attention of the shareholders is drawn to the fact that the statements below are merely a summary, given as general information, of the levy and withholding tax consequences that may apply with respect to dividends distributions paid with respect to the New Shares under the laws and regulations currently in force. The rules described below may be affected by any legislative and regulatory changes which may have retroactive effect or may apply to the current fiscal year.

The following general summary does not purport to be a comprehensive description of all the tax considerations that may be relevant for Delfin who contributes its Luxottica shares through the Contribution or for shareholders participating in the Exchange Offer. In particular, this summary does not aim at describing the tax consequences for Luxottica shareholders related to the exchange of their Luxottica's shares in consideration of Company's shares through the Contribution or the Exchange Offer, nor the tax consequences that may result from the ownership or the disposal of the New Shares. Such shareholders should consult their own tax advisors in determining the tax consequences of contributing their Luxottica shares through the Contribution or participating in the Exchange Offer, as well as of the tax consequences that may result from the ownership or the disposal of the New Shares. Shareholders participating in the Exchange Offer are also invited to refer to the tax consequences of the Exchange Offer (as described in the relevant Section of the Italian Exchange Offer Document).

In addition, non-residents of France for tax purposes will have to comply with applicable tax laws of their state of residence and, as the case may be, the applicable tax treaty entered into between France and such state.

It is specified that in no circumstances will the deductions or withholding taxes described in the below developments be borne by the Company.

4.11.1 French tax residents shareholders

4.11.1.1 Individual shareholders acting within the framework of the management of their personal assets (x) other than shareholders holding their shares through a share savings plan (PEA), (y) who do not own the shares as business assets and (z) who do not conduct stock market transactions under conditions similar to those which define an activity carried out by a person conducting such operations on a professional basis.

(i) 12.8% non-discharging levy

Under Article 117 *quater* of the French Tax Code (*Code général des impôts* or the "FTC"), subject to certain exceptions mentioned below, dividends paid to individuals who are French tax residents are subject to a 12.8% non-discharging levy on the gross amount of the dividends received by the taxpayer. This 12.8% non-discharging levy is paid by withholding at source by the paying agent where the paying agent is established in France. In the case where the paying agent is established outside France, the dividends are reported and the levy is paid within the first fifteen days of the month following the payment of the dividends, either by the taxpayer himself or by withholding at source by the paying agent where the paying agent is established in an EU Member State or in another member state of the European Economic Area that has signed a tax agreement with France that contains an administrative assistance clause with a view to combating tax fraud or tax evasion and provided that the taxpayer instructs the paying agent in this respect.

However, in situations where the paying agent is established in France, individuals belonging to a tax household whose taxable income for the year before last, as defined in 1° of IV of Article 1417 of the FTC, is less than €50,000 for taxpayers who are single, divorced or widowed, or €75,000 for couples filing jointly, may request an exemption from this non-discharging levy under the terms and conditions of Article 242 *quater* of the FTC, i.e. by providing to the paying agent, no later than November 30 of the year preceding the year of the payment of the dividends, a sworn statement that

the reference fiscal income shown on the taxation notice (*avis d'imposition*) issued in respect of the second year preceding the year of payment was below the above-mentioned taxable income thresholds. Taxpayers who acquire shares after the deadline for providing the aforementioned exemption request can provide such exemption request to the paying agent upon acquisition of such shares pursuant to and in accordance with paragraph no 320 of the administrative guidelines BOI-RPPM-RCM-30-20-10-20160711.

When the paying agent is established outside France, only individuals belonging to a tax household whose taxable income of the year before last, as defined in 1° of IV of Article 1417 of the FTC, is equal or superior to the amounts mentioned in the previous paragraph are subject to this 12.8% non-discharging levy.

This 12.8% non-discharging levy does not discharge the taxpayer from the payment of personal income tax on such amounts nor from the payment of the exceptional contribution on high income earners, where applicable. It however constitutes an advance payment on account of the taxpayer's final income tax and is creditable against the final personal income tax due by the taxpayer with respect to the year during which it is withheld, the surplus, if any, being refunded to the taxpayer. However, unless the taxpayer opts out from the 12.8% flat personal income taxation applicable to investment income (*revenus de capitaux mobiliers*) other than certain exempt income and capital gains to be subject to personal income tax based on progressive rate, the rate of the 12.8% non-discharging levy will correspond to the rate of the flat personal income taxation. The election for the progressive income tax rate scale applies on a yearly basis to all their investment income (*revenus de capitaux mobiliers*) and capital gains which fall in the scope of the flat personal income taxation and earned during the given year.

Furthermore regardless of the residence or the status of the beneficiary, dividends paid outside of France in a “non-cooperative State or territory” (*Etat ou territoire non-coopératif*) (“**NCSTs**”) as defined in Article 238-0 A of the FTC are subject to a French withholding tax at a rate of 75%, except if the Company proves that such dividend distributions have neither as their object nor as their effect to allow, with a tax fraud purpose, their location in such State or territory. The list of the NCSTs is published by ministerial decree and may be updated at any time and at least once a year. A draft law was published by the French government on March 28, 2018. In its current form as adopted on September 26th, 2018 by the National Assembly in the framework of its first reading review, such draft law would (i) remove the specific exclusion of the European Member States, (ii) expand such list to the states and jurisdictions included on the blacklist published by the Council of the European Union and (iii) therefore expand the scope of the provisions of the FTC referring to Article 238-0 A of the FTC as amended.

(ii) Social levies

Whether or not the 12.8% non-discharging levy described above is applicable and whether or not the taxpayer opts out from the 12.8% flat personal income taxation, the gross amount of the dividends paid by the Company is also subject to social levies at an overall rate of 17.2%, which is made up of:

- the *contribution sociale généralisée* (the “**CSG**”) at a rate of 9.9%;
- the *contribution pour le remboursement de la dette sociale* (the “**CRDS**”) at a rate of 0.5%;
- the *prélèvement social* at a rate of 4.5%;
- the *contribution additionnelle au prélèvement social* at a rate of 0.3%; and
- the *prélèvement de solidarité*, at a rate of 2%.

Where dividends are subject to the 12.8% flat personal income taxation, none of the abovementioned social levies are deductible from the taxable income. In the case where the taxpayer files an election for the taxation based on the progressive income tax rate scale, apart from the CSG, which would be deductible to the extent of 6.8% from the taxable income of the year during which it is paid, such social levies would not be deductible from the taxable income.

Social levies are levied in the same manner as the 12.8% non-discharging levy described above where such 12.8% non-discharging levy is applicable. Shareholders should consult their own tax adviser on the way the 17.2% social levies are collected in the case the 12.8% non-discharging levy is not applicable.

(iii) General provisions

Relevant shareholders are advised to consult their usual tax advisor to determine the appropriate methods of reporting the dividends and paying the 12.8% non-discharging levy and the applicable social levies, as well as, more generally, the tax regime that will apply to their own situation (including the personal income tax consequences of receiving dividends, whether or not to opt out from the 12.8% flat personal income taxation and the applicable tax regime in the event where the taxpayer would decide to opt out).

4.11.1.2 Legal entities subject to corporate income tax under (standard conditions)

Dividends paid with respect to the New Shares to shareholders which are legal entities subject to corporate income tax in France are, in principle, not subject to withholding taxes in France.

However, dividends paid outside of France in a NCST as defined above are subject to a French withholding tax at a rate of 75%, except if the Company proves that such dividends distributions have neither as their object nor as their effect to allow, for tax fraud purpose, their location in such State or territory. The list of the NCSTs is published by ministerial decree and may be updated at any time and at least once a year. A draft law was published by the French government on March 28, 2018. In its current form as adopted on September 26th, 2018 by the National Assembly in the framework of its first reading review, such draft law would (i) remove the specific exclusion of the European Member States, (ii) expand such list to the states and jurisdictions included on the blacklist published by the Council of the European Union and (iii) therefore expand the scope of the provisions of the FTC referring to Article 238-0 A of the FTC as amended.

Shareholders which are legal entities should consult their own tax advisors to determine the tax treatment applicable to their own situation.

4.11.1.3 Shareholders subject to a different tax regime

Shareholders subject to a tax regime other than those mentioned above and who participate in the Exchange Offer, in particular, taxpayers holding their securities through a share savings plan (*plan d'épargne en actions – PEA*) or entering into securities transactions beyond simple portfolio management and who have booked their shares as assets on their commercial balance sheet are urged to consult with their usual tax advisor about the specific tax regime applicable to their situation.

4.11.2 Non-French tax residents shareholders

Pursuant to the tax laws and regulations of France currently in force as of the date hereof and subject to provisions of any applicable tax treaties, the following generally summarizes certain French withholding tax consequences with respect to dividends distributions paid with respect to the New Shares that may apply to shareholders (i) who are not domiciled in France within the meaning of Article 4 B of the FTC or whose registered seat is located outside France and (iii) who do not hold their New Shares through a permanent establishment or a fixed base situated therein and subject to taxation in France.

The dividends distributed by the Company are in principle subject to a withholding tax, withheld by the paying agent of those dividends, where the tax residence or registered seat of the effective beneficiary is located outside France.

Subject to what is stated below and more favorable provisions of international tax treaties, the withholding tax rate is set at a rate of (i) 12.8% if the beneficiary is an individual; (ii) 15% if the beneficiary is a non-profit organization having its registered office in a European Union Member State

or in another Member State of the European Economic Area having entered with France into a tax treaty providing for administrative assistance against tax fraud and evasion, to the extent that such organization would be taxed according to the special treatment referred to in paragraph 5 of Article 206 of the FTC if it had its registered office in France and as construed by the *Bulletin officiel des finances publiques-impôts*, BOI-IS-CHAMP-10-50-10-40-20130325, n° 580 *et seq.*, and relevant case law; and (iii) 30% in all other cases, to be reduced and aligned on the standard corporate income tax rate set forth in the second paragraph of Article 219-I of the FTC which is set at a rate of (x) 28% for fiscal years opened on or after January 1st, 2020, (y) 26,5% for fiscal years opened on or after January 1st, 2021 and (z) 25% for fiscal years opened on or after January 1st, 2022.

Furthermore, subject to the provisions of international tax treaties, regardless of the place of residence, the registered office, or the status of the beneficiary, dividends paid outside of France in a NCST as defined above are subject to French withholding tax at a rate of 75%, except if the Company proves that such dividends distributions have neither as their object nor as their effect to allow, with a tax fraud purpose, their location in such State or territory. The list of the NCSTs is published by ministerial decree and may be updated at any time and at least once a year. A draft law was published by the French government on March 28, 2018. In its current form as adopted on September 26th, 2018 by the National Assembly in the framework of its first reading review, such draft law would (i) remove the specific exclusion of the European Member States, (ii) expand such list to the states and jurisdictions included on the blacklist published by the Council of the European Union and (iii) therefore expand the scope of the provisions of the FTC referring to Article 238-0 A of the FTC as amended.

Shareholders that are legal persons may benefit from a reduction or an exemption of withholding tax (i) under Article 119 *ter* of the FTC which applies under certain conditions to persons having their effective place of management in a Member State of the European Union or in another Member State of the European Economic Area Agreement that has concluded with France a tax treaty providing for administrative assistance against tax fraud and evasion, if they hold at least 10% of the company distributing the dividends during two years and otherwise meet all the conditions of such Article as construed by the guidelines issued by the French tax authorities (BOI-RPPM-RCM-30-30-20-10-20160607), it being however specified that (x) the ownership threshold is reduced to 5% of the capital of the French distributing company where the legal person being the beneficial owner of the dividends meets the conditions to benefit from the French participation exemption regime set forth in Article 145 of the FTC and has no possibility to offset the French withholding tax in its State of residence, and (y) the ownership thresholds are assessed taking into account shares held both in full or bare ownership, or (ii) under Article 119 *quinquies* of the FTC which applies to legal entities having their effective place of management in a Member State of the European Union or in another State or territory that has concluded with France a tax treaty providing for administrative assistance against tax fraud and evasion, provided that they are subject to a judicial liquidation procedure that is comparable to that mentioned in Article L. 640-1 of the French Commercial Code, (or where there is no such procedure available, in a situation of cessation of payments with recovery being manifestly impossible) and otherwise meet all the conditions of Article 119 *quinquies* of the FTC as construed by the guidelines issued by the French tax authorities (BOI-RPPM-RCM-30-30-20-80-20160406) or (iii) pursuant to the provisions of the applicable tax treaties.

The shareholders concerned should consult their tax advisors to determine whether and under which conditions they may qualify for one of these exemptions.

Moreover, dividend income distributed to collective investment undertakings incorporated under foreign law which (i) are located in a Member State of the European Union or in another State that has concluded with France a tax treaty providing for administrative assistance against tax fraud and evasion which meets the conditions specified in Article 119-*bis* 2 of the FTC, (ii) raise capital from a certain number of investors with the purpose of investing it in a fiduciary capacity on behalf of such investors, pursuant to a defined investment policy and (iii) have characteristics similar to those required of collective undertakings fulfilling the conditions set forth in Article 119 *bis* 2, 2 of the FTC and the guidelines issued by the French tax authorities (BOI-RPPM-RCM-30-30-20-70-20170607), also benefit from a withholding tax exemption.

Shareholders are urged to consult their usual tax advisors to determine whether they are likely to fall within the scope of the legislation relating to NCSTs, or to qualify for a reduction to or exemption from the withholding tax by virtue of the provisions of international tax treaties, and to determine the practical formalities to be complied with to benefit from these conventions, including those provided for by BOI-INT-DG-20-20-20-20-20120912 relating to the so-called “standard” or “simplified” procedure for the reduction of or exemption from the withholding tax.

In addition, non-residents of France for tax purposes will have to comply with applicable tax laws of their state of residence and, as the case may be, the applicable tax treaty entered into between France and such state.

5 TERMS AND CONDITIONS OF THE OFFER

5.1 CONDITIONS, OFFER STATISTICS, INDICATIVE TIMETABLE AND APPLICATION PROCEDURE FOR THE OFFER

5.1.1 Conditions of the Offer

Terms and conditions of the New Shares Issued as Consideration for the Contribution

In consideration for the Contribution, Essilor will issue 139,703,301 new ordinary shares to Delfin, each with a par value of €0.18, corresponding to the Exchange Ratio (0.4613 new ordinary share of Essilor for 1 ordinary share of Luxottica contributed). It is specified that the Exchange Ratio, initially set at 0.4610, will be adjusted from 0.4610 to 0.4613 based on Essilor dividend pay-out ratio of 42% and Luxottica pay-out of 50% for financial year 2017, in accordance with the Exchange Ratio adjustment formula described in this Section 5.1.1 “Conditions of the Offer”, paragraph “Adjustment mechanism” of this Securities Note.

As a result of the Contribution, the total par value of Essilor’s share capital increase will be €25,146,594.18. Essilor’s registered share capital will therefore be increased from €39,444,759.36 to €64,591,353.54, divided into 358,840,853 ordinary shares, each with a par value of €0.18.

The difference between the value of the Contribution (i.e., €13,173,842,629.50) and the par value of the capital increase (i.e., €25,146,594.18) will represent a contribution premium of €13,148,696,035.32 based on a value per Luxottica share of €43.5 (subject to the possible adjustment described in this Section “Adjustment mechanism”). This premium will be credited to additional paid-in capital in Essilor’s (and, following the contemplated Contribution, EssilorLuxottica’s) statement of financial position (*compte “prime d’apport”*), to which all new and existing shareholders of Essilor (and, following the contemplated Contribution, EssilorLuxottica) will have rights.

For the purpose of registering the Luxottica shares in the statutory accounts of Essilor, in line with a conservative approach and taking into account the fact that the Contribution will be effective only upon the Closing Date of the Contribution, it is reminded that the Contribution Agreement provides that the Luxottica share value will be equal to the lower of (i) the value contractually agreed between the parties equal to €43.5 and (ii) the volume-weighted average closing prices of Luxottica shares over the 3-month period prior to the Closing Date of the Contribution. The contribution premium of the share capital increase of Essilor will be adjusted accordingly.

Terms and conditions of the offer of New Shares Issued as Consideration for the Exchange Offer

In the context of the Exchange Offer, the Company will offer to the shareholders of Luxottica, as consideration for the contribution of up to 176,276,154 ordinary shares of Luxottica (including 42,000 new shares of Luxottica to be issued in the event of timely exercise of all of the 42,000 outstanding Luxottica stock options), up to 81,316,189 new shares of the Company, each with a par value of €0.18, corresponding to the Exchange Ratio (0.4613 new ordinary share of the Company for 1 ordinary share of Luxottica contributed). It is specified that the Exchange Ratio, initially set at 0.4610, will be adjusted from 0.4610 to 0.4613 based on Essilor dividend pay-out ratio of 42% and Luxottica pay-out of 50% for financial year 2017, in accordance with the Exchange Ratio adjustment formula described in this Section 5.1.1 “Conditions of the Offer”, paragraph “Adjustment mechanism” of this Securities Note.

The maximum number of New Shares Issued as Consideration for the Exchange Offer takes into account the number of existing shares of Luxottica as of the date of this Securities Note (i.e., 485,153,033 shares), plus 42,000 new shares of Luxottica to be issued in the event of timely exercise of all of the 42,000 outstanding Luxottica stock options, minus the 302,846,957 shares of Luxottica

that will be acquired by the Company through the Contribution, minus the 6,071,922 treasury shares of Luxottica, which will not be subject to the Exchange Offer.

The terms of the Italian Exchange Offer to be initiated by the Company after, and subject to, the completion of the Contribution will be set forth in an Italian exchange offer document to be approved by CONSOB and then published and made available to the public on Essilor's (to be renamed "EssilorLuxottica" as from the closing of the Contribution) website (www.essilor.com) and on Luxottica's website (www.luxottica.com/it) (the "**Italian Exchange Offer Document**"). Since it will be a mandatory tender offer pursuant to article 106 of the Italian Consolidated Financial Act, the Italian Exchange Offer launched by the Company will not be subject to any condition.

Adjustment mechanism

Pursuant to the Combination Agreement and the Contribution Agreement, if the shareholders or the Board of Directors of either Luxottica or Essilor decide to pay any dividend, interim dividend or other kind of distribution to Luxottica or Essilor shareholders, as applicable, before the Closing Date of the Contribution or before the settlement of the Exchange Offer, in any form, except for annual dividends paid in cash (i) for Essilor, in an amount up to 40% of Essilor's reported net income for the relevant fiscal year (to which the applicable French distribution tax shall be added) and (ii) for Luxottica, in an amount up to 50% of Luxottica's adjusted net income as per its annual report for the relevant fiscal year, the Exchange Ratio shall be adjusted to provide the holders of Luxottica or Essilor shares, as applicable, with the same economic effect as contemplated by the Combination Agreement prior to such event, by amending the Exchange Ratio (*ER*) as follows:

$$ER_n = [(ER_{n-1} \times SPEssilor) - (DivLuxottica + TaxDivLuxottica)] / (SPEssilor - (DivEssilor + TaxDivEssilor))$$

Where:

- i. "ER_{n-1}" shall be (a) the Exchange Ratio, when applying the formula to the first dividend payment, and (b) the ER_n resulting from the application of the formula to the previous dividend payment, when applying the formula to further dividend payments;
- ii. "SPEssilor" shall be the market price of an Essilor share (in €), which is equal to the volume weighted average share price over a three-trading-day period before the day immediately preceding the day on which the first Luxottica or Essilor dividend is announced;
- iii. "DivLuxottica" shall mean the actual per share amount (in €) of the distribution announced by Luxottica (exceeding, solely in the case of the annual dividend, 50% pay-out calculated on the adjusted net income as per Luxottica's annual report for the relevant financial year);
- iv. "TaxDivLuxottica" shall mean the amount of taxes to be incurred by Luxottica in connection with the distribution divided by the total number of Luxottica shares outstanding as at the date of such distribution;
- v. "DivEssilor" shall mean the actual per share amount (in €) of the distribution announced by Essilor (exceeding, solely in the case of the annual dividend, 40% pay-out calculated on the reported net income as per Essilor's annual report for the relevant financial year); and

- vi. “TaxDivEssilor” shall mean the amount of taxes to be incurred by Essilor in connection with the distribution divided by the total number of Essilor shares outstanding as at the date of such distribution.

Notwithstanding the foregoing, if, between the date of the Combination Agreement and the date on which any Luxottica share is exchanged for Essilor shares pursuant to the Contribution or the Exchange Offer, the number or class of outstanding Luxottica or Essilor shares have been changed into a different number of shares or a different class by reason of any stock dividend, subdivision, reclassification, split, reverse split, combination or exchange of shares, then the consideration for the Contribution and/or the Exchange Offer and/or the Exchange Ratio shall be appropriately adjusted to provide the holder of such Luxottica share with the same economic effect as contemplated by the Combination Agreement prior to such event.

It is specified that the Exchange Ratio, initially set at 0.4610, will be adjusted from 0.4610 to 0.4613 based on Essilor dividend pay-out ratio of 42% and Luxottica pay-out of 50% for financial year 2017, in accordance with the Exchange Ratio adjustment formula described above.

Possible subsequent “sell-out” and/or “squeeze-out” procedures

Pursuant to article 108, paragraph 2, of the Italian Consolidated Financial Act, if, as a result of the Exchange Offer (or otherwise), the Company comes to hold more than 90% (or such higher threshold as may be set by CONSOB pursuant to article 112 of the Italian Consolidated Financial Act), but less than 95%, of Luxottica’s share capital, a “sell-out” procedure would need to be launched, unless Essilor subsequently restores a sufficient free float. As agreed under the Combination Agreement, Essilor does not intend to restore a sufficient free float. Under such “sell-out” procedure, any remaining outstanding Luxottica shareholders would have the right to sell their shares to EssilorLuxottica in exchange for EssilorLuxottica shares at the same Exchange Ratio as the Exchange Offer or, if they so elect, for an equivalent cash consideration calculated according to the provisions of CONSOB Regulation n. 11971 of May 14, 1999 (as amended).

Pursuant to article 108, paragraph 1, of the Italian Consolidated Financial Act, if EssilorLuxottica comes to hold 95% or more of Luxottica’s share capital following the Exchange Offer (or, if applicable, the subsequent “sell-out” procedure), (i) as agreed under the Combination Agreement, a “squeeze-out” procedure would be implemented, pursuant to which EssilorLuxottica could and, in fact, would acquire from all remaining Luxottica shareholders, and (ii) in turn, all remaining Luxottica shareholders would have the right to sell to EssilorLuxottica, all of their Luxottica shares, in both cases in exchange for the same consideration as the Exchange Offer or, if the shareholders so elect, an equivalent cash consideration (calculated in accordance with the provisions of CONSOB Regulation n. 11971 of May 14, 1999 (as amended)) instead of the EssilorLuxottica shares.

Following the conclusion of the above-mentioned sell-out and/or squeeze-out procedure, if any, the Luxottica shares would be delisted from the MTA (*Mercato Telematico Azionario*) managed by Borsa Italiana S.p.A..

5.1.2 Amount of the Offer

As of June 30, 2018, the Company’s registered share capital amounts to €39,444,759.36 divided into 219,137,552 ordinary shares fully paid up and with a par value of €0.18 each.

In connection with the closing of the Contribution, taking into account the Exchange Ratio, 139,703,301 New Shares will be issued with a par value of €0.18.

In connection with the Exchange Offer, taking into account the Exchange Ratio, a maximum of 81,316,189 New Shares will be issued with a par value of €0.18.

5.1.8.1 New Shares Issued as Consideration for the Contribution

The delivery to Delfin of the New Shares Issued as Consideration for the Contribution will take place as from the Closing Date of the Contribution that is expected to take place on October 1, 2018.

No fractional share can be issued by the Company. Consequently, the Company will not give fractional shares as consideration to Luxottica shareholders tendering their shares into the Italian Exchange Offer. After the expiration of the Exchange Offer period, an authorized intermediary chosen by the Company will implement the Selling Mechanism by, on behalf of the Luxottica shareholders who have tendered their Luxottica shares into the Exchange Offer and would be entitled to receive any Fractional Components, (i) aggregating all of such Fractional Components and (ii) selling on Euronext Paris, on dates yet to be determined, the whole number of New Shares Issued as Consideration for the Exchange Offer resulting from such aggregation.

The total proceeds of the sales of the whole New Shares Issued as Consideration for the Exchange Offer resulting from the aggregation will be distributed *pro rata* to Luxottica shareholders participating in the Selling Mechanism, as settlement for the Fractional Components they were otherwise entitled to receive in the Exchange Offer, according to the procedures and within the timeframes that will be described in the Italian Exchange Offer Document.

In performing the above mentioned sales, the retained authorized intermediary will be acting at the risk of the Luxottica shareholders participating in the Selling Mechanism.

The Luxottica shareholders participating in the Selling Mechanism will not bear any cost or fee in relation to the above sales and the receipt of the related proceeds in the context of the Selling Mechanism. No interest will be paid on the cash amount to be received by a Luxottica shareholder in consideration for a fractional New Shares Issued as Consideration for the Exchange Offer, even in the event of late payment of this amount.

5.2 PLAN OF DISTRIBUTION AND ALLOTMENT

5.2.1 Categories of Potential Investors – Jurisdictions of the offer – Restrictions Applicable to the offer

Category of potential investors

Restrictions applicable to the public offering of New Shares

The distribution of the Prospectus and/or the making of the public offering of New Shares in jurisdictions other than France and Italy may be restricted and/or prohibited by law. The public offering of New Shares is not being made in any jurisdiction in which the making of the public

offering of New Shares or acceptance thereof would not be in compliance with the securities or other laws or regulations of such jurisdiction or would require any registration, approval or filing with any regulatory authority not expressly contemplated by the terms of the Prospectus. Persons obtaining the Prospectus are required to take due note and observe all such restrictions and obtain any necessary authorizations, approvals or consents (to the extent applicable). Outside of France and Italy, no actions have been taken (or will be taken) to make the public offering of New Shares possible in any jurisdiction where such actions would be required. In addition, the Prospectus has not been filed with or recognized by the authorities of any jurisdiction other than France and Italy. Neither the Company, Luxottica nor any of its advisors accept any liability for any violation by any person of any such restriction. Any person (including, without limitation, custodians, nominees and trustees) who forwards or intends to forward the Prospectus or any related document to any jurisdiction outside France and Italy should carefully read this Section 5.2 before taking any action.

The release, publication or distribution of the Prospectus and any documentation regarding the public offering of New Shares or the making of the public offering of New Shares in jurisdictions other than France and Italy may be restricted by law and therefore persons into whose possession the Prospectus comes should inform themselves about and observe such restrictions. Any failure to comply with any such restriction may constitute a violation of the law of any such jurisdiction.

The Company may not accept, directly or indirectly, any tenders to the Italian Exchange Offer made in or from any of the countries where such restrictions apply, and any such tenders will be deemed null and void. Authorized intermediaries may not accept any order for the exchange of Luxottica shares with New Shares in the context of the Italian Exchange Offer from clients with an address in a country where such restrictions apply, and such orders will be deemed null and void.

Restrictions relating to the United States of America

The New Shares have not been and will not be registered under the Securities Act, or with any securities regulatory authority of any state or other jurisdiction in the United States, and may not be offered, sold, pledged, delivered or otherwise transferred in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in compliance with any applicable state securities laws. The New Shares Issued as Consideration for the Exchange Offer are being offered (a) in the United States by the Company only to certain “qualified institutional buyers”, or “QIBs”, as defined in Rule 144A under the Securities Act, in reliance on the exemption from registration provided for private placements by Section 4(a)(2) under the Securities Act and (b) outside the United States only in reliance on Regulation S in “offshore transactions” as defined in, and in accordance with, Regulation S.

Accordingly, except for offers of New Shares Issued as Consideration for the Exchange Offer to QIBs by the Company, as set forth in the preceding sentence:

- Luxottica shareholders in the United States may not tender securities of Luxottica into the Exchange Offer.
- No communication relating to the Exchange Offer or invitation to participate in the Exchange Offer may be addressed to the United States or directed to persons who reside or are present in the United States.
- Neither this Securities Note nor any other document relating to the Exchange Offer may be distributed or disseminated by an intermediary or any other person into the United States.
